SKILLS

Languages : Python, Java, SQL

Frameworks & Libraries : YOLO, TensorFlow, PyTorch, OpenCV, scikit-learn, Hugging Face Transformers, LangChain / LlamaIndex, FastAPI / Flask

Specializations : Computer Vision, OCR Technologies, Machine Learning, Deep Learning, Big Data Analytics, Natural Language Processing (NLP), LLMs Generative AI (RAG, Prompt Engineering, Fine-tuning)

Tools : GitHub, Docker, AWS (S3, EC2), Google Cloud (BigQuery, GCS), Azure Blob Storage, MySQL / PostgreSQL, MongoDB, Linux

EXPERIENCE

IIT Bhubaneswar

2024

Research Intern

Bhubaneswar, India

- Completed a research internship under Prof. Ganapati Panda, focusing on deep learning techniques
- Achieved **faster and more accurate heart disease detection** using ECG signals through end-to-end simulation

MVP – Missionary Visionary Products (Patent Pending)

2023 – Present

Co-Founder

Gujarat, India

- Co-founded a startup with a mission to provide innovative and transformative products globally
- Received grants of **\$2.5k from i-Create** and **\$2.5k from CSIC** for IoT accessibility project

MLDAG – Machine Learning and Data Analysis Group

2022 – 2024

Co-Founder & Student Coordinator

Changa, Gujarat, India

- Spearheaded a research-focused group specializing in ML, Deep Learning, and Big Data Analytics

3-Fit Internship (Start-Up)

2022

Software Engineering Intern

India

- Conducted research on competitive apps in similar domains to identify their strengths and weaknesses
- Integrated and worked with multiple third-party APIs to enhance product functionality

Teaching Assistant

- Concordia University** – Data Structures
- Charusat University** – AIML, UGSF (Undergraduate Student Fellowship Scheme)

(During Masters)

(During Bachelors)

GSA Concordia

2025 – 2026

Vice-President

Montreal, QC, Canada

- Serving as Executive College Council Body Member, representing the department at university level

EDUCATION

Concordia University

2024 – 2026

Master of Science in Computer Science | **GPA: 3.3**

Montreal, Quebec, Canada

Charusat University

2020 – 2024

B.Tech in Computer Science & Engineering | **CGPA: 9.5**

Changa, Gujarat, India

PROJECTS

Real Time OCR for Partially Blind | IoT, OCR, NLP (Patent Pending)

- Built an IoT device helping partially blind people read written text via audio; supports multilingual translation
- Secured **\$5000 in funding** (i-Create + CSIC); incubated in i-hub Gujarat; featured at Vibrant Gujarat Startup Exhibition

Smart Mark Sheet Scanner | Python, OCR, Automation

- Winner** AZADI KA AMRIT MOHOTSAV (State-level); **Top 12 Finalist** HackX (National-level)
- Reduced workforce by 50–60%**; achieved **near 100% accuracy** via automated scanning pipeline

Crowd Counting | Computer Vision, YOLO, Deep Learning

- Increased confidence accuracy up to **90%** using advanced object detection techniques
- Designed for real-time monitoring and surveillance, enabling security analysis at large public events

ACHIEVEMENTS

Winner – AZADI KA AMRIT MOHOTSAV, State-level Hackathon

Top 12 Finalist – HackX, National-level Hackathon

4th Rank – Codepie 3.0, College-level Competitive Programming Contest (200+ teams)
